

To bachelor's degree students in Europe!

Posters in the European Parliament

United in Research

Present your undergraduate research at the heart of
European Politics.

Call for Abstracts open until May 11, 2026!

Have you completed a research project during your bachelor's degree?

Does your work engage with current social, political, environmental, or scientific challenges?

Posters in the European Parliament offers you the opportunity to present your undergraduate research inside the European Parliament in Brussels.

We are inviting up to 80 bachelor's students from across Europe to showcase their work to Members of Parliament, policy professionals, academics and fellow students – and to engage directly in conversation with them.

This is more than a conference. It is your chance to put your research in the spotlight, network across Europe, and take learning beyond the classroom.
